

PARLUX MELODY SILENCER

NOISE REDUCTION THROUGH A PARLUX SILENCER

FOR SALONS WITHOUT NOISE

Patent Pending

Salon list price...\$35.00

The Parlux Melody Silencer is an accessory to be inserted in the hairdryer air intake to significantly reduce noise.

Parlux research laboratories have developed a Patent Pending advanced technology system providing exceptional results in eliminating sound waves.

Small, light and easy to install, Parlux Melody Silencer lets you work in perfect harmony with the music in your salon.

- Reduction of sound waves
- Highly shock resistant material
- Very light - 52 g
- Radial aspiration around the room
- Rapid attachment to filter holder for easy insertion
- Internal vibration absorbing filter
- Sound proofing rubber seal around the hairdryer body
